SUDDEN TERMINATION OF A HONEY Mars.—Grave Charges Against a Bride.— Henry Wiverly, of Washington, a man about forty-five years of age, appeared at police headquarters this marriag, and asked for a warrant for the arrest of his wife, for larceny, who, he said, was at the house of her father, a man named Magruder, in this chy. The man stated that he married Miss Magruder in Alexandria a few weeks ago, and having angles as that the house, kept by a to be he went to room keeping; that his wife a short time after going to room keeping was visited by a relative who asked her where were her children; that his wife replied they were dead; that this being his first intima-tion that his wife was a widow when he married her, he asked her about the matter and she denied ever having a child; that he enquired further and found that his wife had been the medier of a child by her own father, which feet he could prove: that on last Monday his wife left the house, carrying off everything the could get away with, and being informed that she was in Alexandria he came here to have her arrested. The warrant was issued and placed in the hands of officers M. Lattan and Henry Cramp for execution. After great difficulty the officers effected a forcible entrance into the house of Magruder across the canal and arrested the young woman. Magruder on the way to the station house acted in such a disorderly manner and was so abusive to his son-in-law, calling him a thief, &c., that the officers took him into custody also. The couple, Magrader and his daughter, Emma, were before the Mayor at three o'clock this afternoon, when a trial took place. After hearing the statement of the man as given above the Mayor committed the woman for the action of the Washington authorities, and the charge against Magruder for abusive language was dismissed. Wiverly then lodged complaint against Magruder for incest, and this matter will be taken up as soon as the proper witnesses can be secured. Magruder positively denies the charges brought against him, and says his daughter left her husband because he did not provide her with the necessaries of life, and was not the man he represented him-

POLICE ITEMS.—There were before the Mayor this morning Wm. Burley, colored, a sailor on the schooner M. V. Dunken, from Baltimore, lying at Captain Herbert Bryant's wharf, for threatening the life of a fellow sailor, named Joe Stewart; a small colored boy named John Brooks, for chicken stealing; Beauregard Gorman, for stealing \$10 from Mrs. M. L. Price in the market a few weeks ago, and a young man for drunkenness

Wm. Burley, in default of the payment of a fine of \$10 was sentenced to the chain gang for 60 days. John Brooks was discharged, his mother

promising to whip him at the station house. A cowhide was furnished the Brooks woman and she gave the boy a good thrashing. Beauregard Gorman, who was captured early this morning by officer Thomas Hayes,

admitted the theft, and was sentenced to the chain gang for sixty days.

Mrs. Wiverly, white, charged by her has band with larceny, and John Clarke, color-

A colored member of the chain gang refused to do duty this morning because Dan Washington, the wife-beater on the gang, threw bricks at him. His objections to close confinement and a bread and water diet were strong enough to induce him to go to

DROWNING OF COL. WOOD,—Col. W. W. Wood, a large stockholder and one of the directors of the Inland and Scaboard Coasting Company, was drowned at Smith's Point yesterday afternoon. Col, Wood went out sailing, when a sudden flaw of wind struck his boat, capsizing it, and he was drowned before assistance could reach him. The steamer Lady of the Lake, arrived here this morning from Norfolk with her flags displayed at half mast in respect to the memory of the deceased, who was a prominent citizen of the neighborhood in which he was drowned.

STILL ANOTHER VICTIM.—The remains of Luke Creig, colored, who was killed in New York Wednesday last by being run over by the cars, were brought here this morning for interment. Creig, who left his family here some months ago, was engaged on a railroad in New York. He was standing on a platform and was struck by a passing train, and knocked under the wheels, which passed over him, terribly mashing and cutting his limbs and severing the head from the body. This is the ninth colored man from this section who has been accidentally killed in New York during the past few months.

SMALL Pox.—Capt. Enoch Davis, of the sloop B. H. Lambert, from down the river, reports a small pox epidemic at and around Cobb's Neck in Charles county, Maryland. In a cabin on the point were two victims of the disease, who had been dead several days and he was told that there were a large number of cases all around the neighbornood. Those who were suffering were in great need of assistance as those who were well refused to visit the afflicted.

From Egypt.

ALEXANDRIA, Sept. 1.—Forty seamen from the iron clad Minataur and a company of infantry quietly approached the enemy's position opposite Ramleh last evening and succeeded in blowing up with gun cotton a house on the canal which has long been a point of vantage to the enemy's sharpshooters. The operation was not interrupted by the Egyptians.

#### MONETARY AND COMMERCIAL.

The demand for money is better and there is an evident disposition to advance the rate of interest at all the "centres." The inquiry hereabouts i some difficulty unless the offerings are of the most undoubted character. In New York the quotation for call loans on stocks is 5a6 per cent, with few loans above 51/2 per cent, and on United States bonds 3a4 per cent is the quotation. Time loans are about 6 per cent, and little mercantile paper sells at a smaller discount than 516a6 per cent. U S bonds are less active and not so firm. CATTLE MARKETS.

BALTIMORE CATTLE MARKET, Aug. 31.—Beef Cattle,—In New York on Monday prices for the lower grades, generally natives, as well as others, were off S1 per head and upwards, while fair and prime were as strong as on Friday. Yesterday common were off Tsa<sup>2</sup>4c, with a very dull market. Sheep and Lambs.—About 230 head of Monday's offerings remain in the pens unsold. The same number was received yesterday, and sold to go East. Prices as on Monday, and trade very dull. Hogs.—The receipts number 513 head since Monday, and all but about 100 head have been sold at the ruling prices on Monday, 10a12c, as to quality. The prospects indicate higher prices for next week, if any change takes place.

in 1858 of the formulas and processes of manufacture of Excelsior and Ammoniated Phosphate So well and favorably known by the agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform excellence of these FERTILIZERS as manufactured by him, continues to offer them to the farmers and planters of Maryland and Virginia, with the sister and that the High Standard Quality of each will be maintained as heretofore.

AND

The above are the most concentrated FERTILIZERS ever offered to the farmer, combining all the stimulating qualities of Peruvian Guano and the ever-durable fertilizing properties of bones in fine

dry powder, prepared expressly for drilling.

For growing wheat, it is the universal opinion of the farmers of Maryland and Virginia, after over twenty years experience in the use of these Fertilizers manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other fertilizer or guano, therefore

fully 50 per cent cheaper.

With my present advantages and superior facilities for manufacturing, I challenge competition with any fertilizer sold in the United States, in quality, mechanical condition and price.

By strictly adhering to my original formulas, using only the most concentrated materials and superintending in person their manufacture, as for the past twenty-four years.

UNIFORM QUALITY IS GUARANTEED.

Farmers, to seenre the ONLY GENUINE EXCELSIOR and PHOSPHATE prepared according to my original formulas, established in 1858, should see that every bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.
